

Chernobyl Aid UK

David and Barbara Cox

Nab End Farm Humanitarian Aid Collections

Due to the increasing costs of delivery to Belarus The Chernobyl Children's Project(UK) sent their LAST humanitarian aid convoy to Belarus in April 2014.

The humanitarian aid team consists of people from all parts of the UK and have a warehouse in Selby donated by a local transport business. The whole team has voted unanimously to continue with the aid deliveries and to this end have formed a separate charity "Chernobyl Aid UK.

The team pay all their own expenses on the convoy but it still costs £3500 for each lorry for the round trip to Belarus. On the April Convoy our group had over 600 boxes worth around £12000 and our contribution to the convoy was £1600.
